

Description

Metal Mate 6.3mm x 1m Aluminium Solid Rod is a precision-engineered solid round bar made from high-grade aluminium with a silver finish. Its consistent 6.3mm diameter and one metre length ensure dependable repeatability in fabrication and assembly for trade professionals. The rod offers excellent rigidity and light weight, making it a practical choice for various applications requiring accurate, reliable metal components in fabricating and structural joining tasks.

Features

- Manufactured from durable aluminium for high strength and light weight
- Uniform round shape for straightforward alignment and assembly
- Smooth silver finish allows simple cleaning and corrosion resistance
- Available in standard 6.3mm diameter and 1m length
- Solid bar structure ensures reliable performance in mechanical applications
- Engineered for precise fit with neighbouring metal components
- Precision machining produces reliable uniformity and accurate dimensions
- Stable construction contributes to long term performance under use

Product Code: 8765

General

Product Type Solid Round Bars

Appearance

Product Shape Round

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 6.3

Product Height (mm) 6.3

Product Width (mm) 6.3

Product Length (mm) 1000
