

Description

Metal Mate 38.1 x 4.75mm x 1m Aluminium Crescent Mould is designed for accurate shaping in aluminium fabrication projects. The crescent mould offers reliable performance and consistency that professional trades can depend on in repetitive applications. Constructed from robust aluminium, it provides a sleek silver finish, ensuring durability and efficient operation. Its precise dimensions support predictable outcomes and contribute to technical efficiency in various fabrication tasks and precision metalwork applications.

Features

- Aluminium build ensures durability and reliable performance
- Crescent shape engineered for precise mould formation
- Silver finish offers clean professional visual aesthetics
- Dimensions 38.1 x 4.75mm x 1m deliver consistent results
- Engineered for accuracy in fabrication and detailed assembly
- Precision mould design supports repeatable dependable output
- Lightweight construction simplifies handling, installation and adjustments
- Metal Mate quality ensures practicality and trusted performance

Product Code: 8767

General

Product Type Crescent Moulds

Appearance

Product Shape Crescent

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.2
Product Height (mm)	38.1
Product Width (mm)	4.75
Product Length (mm)	1000
