

Description

Metal Mate 10mm x 1m Aluminium Round Solid. This product is a precision-engineered, silver-coloured solid round bar manufactured in high quality aluminium. It is designed for use in trade and technical applications, providing reliable performance and consistent structural integrity. The robust construction and streamlined design ensure accurate measurements and repeatable results for professionals requiring durable material and ease of machining in various practical projects.

Features

- Aluminium composition ensures durability and light weight
- Precision round shape promotes uniform performance and machining
- Finished in silver for clear visual identification
- Solid construction provides consistent strength in fabrication tasks
- Accurate 10mm diameter measured along 1m length
- Metal Mate quality ensures trusted performance for technical applications
- Suitable for machining, fabrication and structural projects
- Reliable standard round bars from a reputable supplier

Product Code: 8768

General

Product Type Solid Round Bars

Appearance

Product Shape Round

Product Colour Silver

Construction

Product Material 1 Aluminium
