

Description

Metal Mate 12mm x 1m Aluminium Round Solid is a robust aluminium round bar tailored for precision fabrication and various structural applications. Its consistent round shape promotes uniform machining and facilitates accurate measurement for professionals in trade. The silver finish contributes to a neat and clean appearance while the inherent durability of aluminium ensures reliability during welding and component production, offering a practical solution for efficient assembly and dependable performance.

Features

- Made from high quality aluminium for long lasting performance
- Precision round shape engineered for efficient machining results
- Uniformly silver finish enhances visual consistency
- Accurate dimensions of 12mm diameter and 1m length
- Machined with precision for reliable fit and function
- Versatile use in machining, fabrication and design
- Consistent cross-sectional integrity supports accurate machining
- Metal Mate backing ensures reliable material quality and consistency

Product Code: 8769

General

Product Type Solid Round Bars

Appearance

Product Shape Round

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	12
Product Height (mm)	12
Product Width (mm)	12
Product Length (mm)	1000
