

Description

Metal Mate 12mm x 1m Aluminium Square Solid is a square solid bar crafted from aluminium with a sleek silver finish, offering consistent dimensions critical for precise engineering projects. Its robust build and uniform shape deliver reliable performance for trade professionals requiring accuracy in fabrication and construction tasks. The product's solid construction and straightforward design provide an efficient solution for applications demanding dependable technical material.

Features

- Solid aluminium construction ensures long-lasting strength
- Square shape provides reliable load distribution
- Precision engineered dimensions support dependable performance
- Sleek silver finish enhances visual appearance
- Easy to integrate into various setups
- Consistent square profile offers uniform material behaviour
- Engineered for accurate sizing and straight alignment
- Trusted Metal Mate quality delivers reliable performance

Product Code: 8772

General

Product Type                      Solid Square Bars

Appearance

Product Shape                    Square
