

Description

Metal Mate 20mm x 1m Aluminium Square Solid is a precision-engineered aluminium solid square bar designed for applications that require reliable and consistent performance in fabrication and structural tasks. Its silver finish provides a clean, professional appearance, while its robust construction ensures long-lasting durability. The product offers practical benefits such as ease of machining, minimal maintenance, and uniform dimensional accuracy, making it a reliable choice for trade professionals seeking predictable results in their projects.

Features

- High-quality aluminium material ensures durable performance
- Solid square bar offers consistent simplicity in manufacturing
- Uniform square profile provides precise fitting and alignment
- Sleek silver finish presents a modern aesthetic
- Reliable material choice supports custom fabrication projects
- Easily machined and joined for efficient product assembly
- Precision engineering delivers reliable strength for demanding projects
- Brand commitment ensures quality and reliability in production

Product Code: 8773

General

Product Type Solid Square Bars

Appearance

Product Shape Square

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	20
Product Height (mm)	20
Product Width (mm)	20
Product Length (mm)	1000
