

Description

Metal Mate 38.1 x 4mm x 1m Mill Finish Aluminium Fluted Strip is a precisely engineered aluminium component featuring an L-shaped design and silver finish. It offers consistent dimensions and a mill finish that optimises technical performance and ease of installation. This fluted strip is designed to meet the demands of professional assembly and fabrication, providing a reliable solution with practical application and technical advantages for trade professionals.

Features

- L-shaped aluminium structure provides durability and precision
- Fluted design aids secure grip and improved stability
- Silver finish enhances appearance and identification
- Robust aluminium construction withstands demanding applications
- Precision mill finish ensures uniform product quality
- Designed for easy installation and reliable performance
- 38.1 x 4mm dimensions suit varied installation requirements
- One metre length facilitates fewer joints and quicker installation

Product Code: 8775

General

Product Type	Fluted Strips
Appearance	
Product Shape	L-Shaped
Product Colour	Silver

Construction

Product Material 1	Aluminium
