

BRACKET DIMENSIONS

Product Code: AB1756

Description

Carinya 175 x 150mm Black Angle Bracket is a robust component made from powder coated steel in a refined black finish. It offers dependable support for fixed structures and secure connections, contributing practical strength and durability to engineering assemblies. The precise dimensions provide a balanced solution for trade professionals requiring effective joint reinforcement and improved load distribution in their projects.

Features

- Powder coated steel construction for enhanced durability
- Clean black finish for a sleek, professional appearance
- Designed for strong structural support in various applications
- Precise dimensions ensure reliable installation every time
- Robust and engineered for long-lasting performance
- Simple installation for efficient mounting on projects
- Practical design for reliable load-bearing support
- Trusted Carinya quality and precision engineering built to last
