Carinya 75 x 50mm Hot Dip Galvanised Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 75 x 50mm Hot Dip Galvanised Angle Bracket is engineered for precise assembly tasks in trade projects and construction installations. Constructed from robust steel with a hot dipped galvanised finish, it provides dependable support for a range of mounting and framing applications. Its accurate dimensions and load-bearing capability offer professionals an effective solution for reliable alignment and secure fixing in various structural setups. The design focuses on practical construction needs and technical efficiency.

Features

- Constructed from durable steel for robust structural support
- Hot dipped galvanisation extends lifespan and offers corrosion protection
- Precision angle design provides secure and stable mounting options
- Engineered for ease of assembly and reliable installation
- Standard 75 x 50mm dimensions enable versatile application integration
- Design supports integration with standard framing systems
- Reliable performance reduces installation time and labour requirements
- Trusted brand reputation underscores a high quality fit and finish

Product Code: AG05

Dimensions

Product Length (mm)	75
Product Width (mm)	50
Product Height (mm)	20
Product Thickness (mm)	3.6
Diameter of Fixing Holes (mm)	7

Weights

Load Capacity (kg)	45.0

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
