Carinya 130 x 130mm Hot Dip Galvanised Sturdy Angle Bracket

BRACKET DIMENSIONS

Description

Carinya Angle Bracket Sturdy - Hot Dip Gal is a robust steel bracket designed for stable mounting and support in construction and trade environments. It is manufactured using hot dipped galvanised steel, which provides reliable strength and corrosion resistance. The bracket is engineered with precise dimensions and durable construction to facilitate accurate alignment and secure fixation, ensuring it meets the practical requirements of professionals in various trades.

Features

- Manufactured from durable steel with hot dipped galvanised finish
- Engineered for robust support in mounting and structural applications
- Simple design enhances fitting precision and overall assembly
- Clean finish promises improved longevity in demanding environments
- Secure connection guarantees reliable installation for varied projects
- Corrosion resistant treatment maintains strength and visual clarity
- Precision engineered bracket delivers dependable load bearing stability
- Complementary design supports easy integration into construction systems

Product Code: AG130

Dimensions

Product Length (mm)	130
Product Width (mm)	130
Product Height (mm)	75
Product Thickness (mm)	4.5
Diameter of Fixing Holes (mm)	P1: 12
	P2: 10

Weights

Load Capacity (kg)	200.0

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
