Carinya 250 x 200mm Hot Dipped Galvanised Heavy Duty Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 250 x 200mm Hot Dipped Galvanised Heavy Duty Angle Bracket is a precision-engineered support solution constructed from robust steel. Its hot dipped galvanised finish ensures reliable corrosion resistance for demanding applications. The bracket offers secure fixation and dependable structural support, making it a practical choice for assembly and construction projects. Trade professionals benefit from its exact dimensions and engineering quality, which contribute to efficient load distribution and overall stability in various technical implementations.

Features

- Robust steel construction for long-term durability
- Hot dipped galvanised finish for superior corrosion resistance
- Heavy duty design meets demanding application needs
- Precision engineered dimensions for accurate installation
- 250 x 200mm size fits various framework supports
- Engineered for secure mechanical joint reinforcement
- Simple mounting reduces installation complexity
- Standardised design suits multiple support configurations

Product Code: AG418

Dimensions

Product Length (mm)	250
Product Width (mm)	200
Product Height (mm)	41
Product Thickness (mm)	4.5
Diameter of Fixing Holes (mm)	6.2

Weights

Load Capacity (kg)	75.0

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
