

BRACKET DIMENSIONS

Product Code: AW1256

Description

Carinya 100 x 125mm White Heavy Duty Angle Bracket is designed to provide accurate angular support for secure mounting and connection applications.

Manufactured from powder coated steel with a white finish, it offers dependable strength and longevity. Its robust design assists trade professionals in achieving precise alignment and effective load distribution. The bracket simplifies assembly processes and enhances structural reliability for various projects, ensuring a practical solution for users who require consistent performance and straightforward installation.

Features

- Constructed from durable powder coated steel
- Design supports robust angular alignment
- White finish provides corrosion resistant properties
- Heavy duty bracket for secure fixings
- Precision dimensions measure 100 x 125mm exactly
- Engineered for accurate and stable support
- Powder coated finish enhances longevity and wear resistance
- Carinya design ensures reliable performance under load
