Carinya 150 x 125mm Zinc Plated Heavy Duty Angle Bracket

Description

Carinya 150 x 125mm Zinc Plated Heavy Duty Angle Bracket is a robust construction component engineered from zinc plated steel for reliable reinforcement in diverse assembly projects. Designed for precision and consistent performance, it provides secure structural support and improved stability for trade professionals. Its standardised design facilitates accurate alignment and installation, ensuring dependable efficiency in applications requiring measured technical accuracy and durable load-bearing capacity.

Features

- Constructed in durable zinc plated steel
- 150 x 125mm angle bracket dimensions
- Engineered for robust joint support
- Ideal for securing structural assemblies
- Zinc plated coating provides corrosion protection
- Precision manufacturing ensures consistent fit
- Designed to integrate with varied metal constructions
- Engineered for precise fit and reliable connection

Product Code: AZ11

Dimensions

Product Length (mm)	150
Product Width (mm)	125
Product Height (mm)	20
Product Thickness (mm)	4
Diameter of Fixing Holes (mm)	6.7

Weights

Load Capacity (kg)	40.0

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Zinc Plated Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
