Carinya 130 x 130mm Zinc Plated Sturdy Angle Bracket

BRACKET DIMENSIONS

Description

Carinya. The Sturdy Angle Bracket is made of robust steel with a zinc plated finish that enhances corrosion protection. It is engineered for practical support in structural assemblies and construction projects. The bracket provides reliable reinforcement for various technical applications, offering stability and straightforward installation for trade professionals seeking a durable and effective solution.

Features

- Robust steel bracket with zinc plated finish
- Precision engineered design ensures secure fixed support
- Zinc plating provides enhanced durability and corrosion resistance
- Engineered design enables simple, reliable installation
- Sturdy construction offers reliable load-bearing support
- Precision cut angles deliver a flush alignment
- Ideal for structural reinforcements and bracket solutions
- Carinya standard ensures precision production and material strength

Product Code: AZ130

Dimensions

Product Length (mm)	130
Product Width (mm)	130
Product Height (mm)	75
Product Thickness (mm)	4.5
Diameter of Fixing Holes (mm)	P1: 12
	P2: 10

Weights

Load Capacity (kg)	200.0

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
