

Carinya 200 x 150mm Zinc Plated Heavy Duty Angle Bracket

BRACKET DIMENSIONS

Product Code: AZ14

Description

Carinya 200 x 150mm Zinc Plated Heavy Duty Angle Bracket is engineered from zinc plated steel and features a consistent zinc plated finish for durability. It is designed to provide a reliable mounting solution for joining structural elements and supporting installations. The bracket offers precise dimensions and robust construction, delivering practical benefits such as stability and ease of assembly, which are advantageous for trade professionals looking for dependable support in various applications.

Features

- Constructed from durable zinc plated steel
- Zinc plated finish offers enhanced corrosion resistance
- Engineered heavy duty shape ensures secure support
- Precision moulded design guarantees consistent performance
- Optimal bracket dimensions fit various structural configurations
- Simple installation saves time and effort
- Robust construction resists wear under frequent use
- Reliable design enhances overall structural stability
