

Carinya 50 x 50 x 40 x 3.5mm Zinc Plated Reinforcing Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 50 x 50 x 40 x 3.5mm Zinc Plated Reinforcing Angle Bracket is a robust metal fitting designed for precise reinforcements in various structural applications.

Manufactured from zinc plated steel, it offers secure mounting points and reliable performance in framing and repair tasks. The design promotes stable support and accurate alignment, enhancing work efficiency for trade professionals who require quality and dependable components for their projects.

Features

- Engineered with 50x50x40 dimensions and 3.5mm thickness
- High-quality zinc plating ensures corrosion resistance and longevity
- Constructed from robust zinc plated steel for secure support
- Precision crafted design meets practical reinforcement application requirements
- Simplified mounting enhances installation efficiency and reliability
- Zinc plated finish provides clean appearance and professional look
- Compact profile supports stable reinforcement in frame assemblies
- Manufactured by Carinya using refined metal fabrication processes
