

Product Code: B00040

Description

Carinya 150 x 125mm Black Light Stayed Bracket - 150 x 125mm is constructed from powder coated steel in a uniform black finish. Designed for secure mounting in technical installations, the bracket facilitates precise alignment in diverse projects. Its robust engineering and practical dimensions provide clear benefits for trade professionals, ensuring effective load support and straightforward integration within a range of mounting systems. The design optimises both functionality and durability for demanding applications.

Features

- Constructed from durable powder coated steel for high strength
- Designed in black finish for a sleek modern aesthetic
- Precisely engineered 150 x 125mm dimensions ensure easy integration
- Provides sturdy support for demanding technical applications
- Reliable build quality ensures a long service life
- Compatible with standard installation procedures and mounting techniques
- Engineered for consistent performance under varied operational loads
- Designed with precise tolerances to support heavy fittings
