Carinya 30 x 30 x 30 x 3.5mm Stainless Steel Reinforcing Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 30 x 30 x 30 x 3.5mm Stainless Steel Reinforcing Angle Bracket is a precision-engineered component designed for reinforcing structural connections and support systems. The bracket is crafted from brushed stainless steel, offering reliable load-bearing capability and excellent corrosion resistance. It provides a practical solution for industrial and trade professionals seeking robust and easily integrable reinforcement in a variety of technical applications.

Features

- Precise 30 x 30 x 30 x 3.5mm bracket dimensions
- Reinforced construction using brushed stainless steel
- Solid structure for reliable structural support
- Uniform finish that resists corrosion
- Engineered for secure mounting in precise alignments
- Compatible with a range of building applications
- Enhanced design for easy installation
- Engineered by Carinya for dependable performance

Product Code: B00068

Dimensions

Product Length (mm)	30
Product Width (mm)	30
Product Height (mm)	30
Product Thickness (mm)	3.3
Diameter of Fixing Holes (mm)	6.8

Appearance

Product Colour	Brushed Stainless Steel

Construction

Product Material 1	Stainless Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
