

Product Code: B00113

Description

Carinya 300 x 300mm White Euro Bracket is designed for secure mounting and reliable performance in standard assembly applications. Manufactured from powder coated steel and presented in a clean white finish, this bracket offers robust support and precise dimensions for consistent integration. The design focuses on practical application and technical reliability, ensuring ease of installation and steady support for projects requiring dependable and effective structural components.

Features

- Robust powder coated steel construction for lasting durability
- Precise 300 x 300mm dimensions for structured application
- Clean white finish enhances visual clarity in installations
- Engineered for secure Euro bracket assembly and support
- Efficient design supports rapid installation and maintenance
- Customisable configuration suitable for diverse application requirements
- Consistent manufacturing quality ensures reliable performance
- Precision engineered for secure and stable bracket fixing
