

Product Code: B00212

Description

Carinya 260 x 230mm Raw Pine Stayed Bracket is a precision engineered angle bracket designed for robust support in joining timber components. Manufactured from pine and exhibiting a raw finish, it offers a reliable connection that ensures structural integrity. Developed with practical applications in mind, it provides technical advantages for trade professionals and meets the requirements for accurate, stable support in various construction settings.

Features

- Constructed from durable pine wood
- Raw finish showcases natural wood texture
- Precision cut for accurate fit in structural frames
- Robust design ensures reliable angular support
- Dimensions 260 x 230mm suit varied applications
- Simple construction allows efficient installation
- Engineered for consistent performance and secure fastening
- Designed with precise angles for dependable bracket stability
