Carinya 200 x 175mm Plywood Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 200 x 175mm Plywood Angle Bracket is designed as a reliable support component in various construction and woodwork applications. It is crafted from quality plywood and intended for mounting and reinforcing joint connections. The bracket offers secure, practical support and is particularly useful for professionals in construction and trade who value straightforward, technically sound design without unnecessary embellishment.

Features

- Made from quality plywood for dependable structural support
- Precise angle bracket design for accurate component alignment
- Raw finish offering consistent natural aesthetics
- Engineered for easy integration into various assemblies
- Robust construction supports fixed and rigid joints
- Standard dimensions at 200 by 175 millimetres ensure compatibility
- Simplified assembly process minimises installation time
- Carinya design balances strength with straightforward performance

Product Code: B00222

Dimensions

Product Length (mm)	200
Product Width (mm)	176
Product Height (mm)	19
Product Thickness (mm)	15
Diameter of Fixing Holes (mm)	4.3

Appearance

Product Colour	Raw

Construction

Product Material 1	Plywood

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
