Carinya 240 x 190mm Plywood Angle Bracket - 240 x 190mm

BRACKET DIMENSIONS

Description

Carinya 240 x 190mm Plywood Angle Bracket - 240 x 190mm is designed for securing components in various structural applications. Its construction using quality plywood and a raw finish provides a simple, effective solution for clear load distribution and alignment. The bracket's precise dimensions and form contribute to stability and ease of installation, offering practical benefits for professionals in trade settings.

Features

- Constructed using high-grade plywood for reliable structural support
- Neat raw finish preserving natural wood appearance
- Precision cut to 240 x 190mm dimensions
- Engineered for precise bracket fit applications
- Durable construction increases bracket support strength
- Unfinished surface allows user-applied custom finish
- Carinya quality ensures consistent performance under various tasks
- Easy integration for diverse bracket assemblies

Product Code: B00230

Dimensions

Product Length (mm)	239
Product Width (mm)	192
Product Height (mm)	39
Product Thickness (mm)	15
Diameter of Fixing Holes (mm)	4.3

Weights

Load Capacity (kg)	20.0

Appearance

Product Colour	Raw

Construction

Product Material 1	Plywood

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
