

## Description

Carinya 400 x 350mm Black Heavy Duty Twisted Stay Bracket. This bracket is constructed from powder coated steel to deliver accurate support and durability. Its innovative twisted design provides stability and minimises flex under demanding applications, ensuring secure placement. Ideal for professionals in trade and related industries, it offers a reliable solution for various mounting and reinforcement requirements. Built to combine strength and precision, it enhances overall structural integrity.

## Features

- Durable powder coated steel frame with precise twist design
- Robust stay bracket engineered for heavy duty use
- Dimensions 400 x 350mm for flexible installation options
- Black finish offers sleek professional aesthetics
- Precision manufacturing produces robust dependable performance
- Engineered for secure mounting and sound load distribution
- Twisted design improves bracket torsion resistance
- Built with precision for long-lasting structural integrity
