

Carinya 500 x 400mm Black Heavy Duty Twisted Stay Bracket

Description

Carinya 500 x 400mm Black Heavy Duty Twisted Stay Bracket is manufactured from powder coated steel, delivering robust structural support for secure fittings. Designed with a twisted form for enhanced load distribution and stability, it assists in precise anchoring and alignment during technical installations. This hardware component offers a reliable solution that meets the demands of trade professionals by providing consistent performance, accurate dimensional tolerance and efficient assembly in various applications, ensuring long-term structural integrity.

Features

- Constructed with powder coated steel for robust durability
- Black finish provides a sleek, professional appearance
- Engineered for high strength and heavy duty performance
- Precise twisting technique ensures secure mounting and stability
- Elevated load resistance improves bracket safety and longevity
- Versatile design suits varied installation configurations
- Optimised 500 x 400 mm size for practical sturdy support
- Part of Carinya range known for quality and durability
