

Product Code: B00289

Description

Carinya Zinc Plated Flat Top Angle Handrail Bracket is engineered from zinc plated steel to provide enduring durability and a secure attachment in building applications. Designed to support handrails effectively, it offers easy integration with architectural designs and enhances structural stability. Suitable for trade professionals, its flat top design simplifies installation and ensures reliable performance in a variety of practical settings.

Features

- Constructed from durable zinc plated steel
- Designed as flat top angle handrail bracket
- Zinc plating offers corrosion resistant finish
- Engineered for robust support and stability
- Provides secure fixing for handrail installations
- Flat top design allows easy alignment and installation
- Precision machining ensures accurate dimensions
- Robust construction permits reliable load distribution
