Carinya 150 x 150 x 75 x 6mm Hot Dipped Galvanised Reinforcing Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 150 x 150 x 75 x 6mm Hot Dipped Galvanised Reinforcing Angle Bracket is constructed from hot dipped galvanised steel to provide robust structural support and precise reinforcement capabilities. This angle bracket features a durable finish that withstands demanding working conditions and offers reliable performance in construction and trade applications. Designed for professionals, it ensures accurate load distribution and efficient assembly in various reinforcement and mounting tasks.

Features

- Manufactured from hot dipped galvanised steel for robust strength
- 150x150x75x6mm size enables precise fitting
- Hot dipped galvanised finish provides rust resistance and durability
- Engineered for load bearing performance with secure bracket design
- Simplified installation for efficient application in various layouts
- Compact design minimises installation footprint and bulk
- Precision manufacturing delivers accurate dimensions and reliable performance
- Designed for permanent support in reinforcing applications

Product Code: B11463

Dimensions

Product Length (mm)	145
Product Width (mm)	145
Product Height (mm)	75
Product Thickness (mm)	5.8
Diameter of Fixing Holes (mm)	12.6

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Hot Dipped Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
