

Carinya 40 x 40 x 40 x 5mm Hot Dipped Galvanised Angle Bracket

Description

Carinya 40 x 40 x 40 x 5mm Hot Dipped Galvanised Angle Bracket is manufactured from steel and designed to provide robust support and precision in a range of structural applications. It assists trade professionals in achieving accurate, secure fixings and enhancing overall project efficiency. The hot dipped galvanised finish optimises durability, offering reliable performance and resistance to wear, which is beneficial for meeting the demands of rigorous and detail-focused installations.

Features

- Dimension 40 x 40 x 40 x 5mm angle bracket
- Made from robust hot dipped galvanised steel
- Hot dipped finish ensures long lasting corrosion protection
- Reinforced design improves fixture stability
- Precisely engineered for accurate installation
- Compatible with standard fixtures and fittings
- Uniform finish for clean utilitarian aesthetics
- Engineered to maintain dimensional integrity over time
