

Carinya 75 x 75 x 40 x 5mm Hot Dipped Galvanised Reinforcing Angle Bracket

BRACKET DIMENSIONS

Product Code: B11468

Dimensions

Product Length (mm)	75
Product Width (mm)	75
Product Height (mm)	40
Product Thickness (mm)	4.7
Diameter of Fixing Holes (mm)	6.7

Description

Carinya 75 x 75 x 40 x 5mm Hot Dipped Galvanised Reinforcing Angle Bracket is engineered for precise structural reinforcement using hot dipped galvanised steel. Ideal for various construction and trade applications, the bracket provides reliable support and enhanced corrosion resistance. Its robust design offers steady performance under demanding conditions and serves as an effective solution for professionals seeking durable and technically sound reinforcement components in diverse projects.

Features

- Hot dipped galvanised steel construction for durable support
- Precise dimensions 75 x 75 x 40 x 5mm
- Secure reinforcement for reliable load distribution
- Robust profile simplifies design and construction
- Hot dipped galvanised finish resists rust and degradation
- Engineered for precise and stable structural connection
- Accurate design supports secure fixture integration
- Trusted Carinya manufacture ensures consistent quality performance

Appearance

Product Colour	Hot Dipped Galvanised
----------------	-----------------------

Construction

Product Material 1	Hot Dipped Galvanised Steel
--------------------	-----------------------------

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
