Carinya 200 x 150mm Heavy Duty Hot Dipped Galvanised Angle Bracket

Description

Carinya 200 x 150mm Heavy Duty Hot Dipped Galvanised Angle Bracket is a robust metal connector designed for structural reinforcement in a range of construction applications. Manufactured from hot dipped galvanised steel, it offers secure fixation and enhanced support for joining frames and loads. The bracket provides reliable performance and precision in assembly tasks, making it a practical choice for trade professionals.

Features

- Hot dipped galvanised steel construction ensures lasting durability
- Robust design supports secure and reliable mounting
- Heavy duty bracket engineered for high load capacity
- Precision machining provides accurate alignment during installation
- Standard 200 x 150mm dimensions for versatile structural use
- Corrosion resistant finish maintains bracket integrity over time
- Engineered for consistent performance and stable connections
- Carinya quality ensures reliable strength in every bracket

Product Code: B11478

Dimensions

Product Length (mm)	200
Product Width (mm)	150
Product Height (mm)	25
Product Thickness (mm)	4.5
Diameter of Fixing Holes (mm)	6.6

Weights

Load Capacity (kg)	225.0

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Hot Dipped Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
