Carinya 340 x 40 x 3.5mm Zinc Plated Mending Plate

BRACKET DIMENSIONS

Description

Carinya 340 x 40 x 3.5mm Zinc Plated Mending Plate is a purpose-built mending plate bracket designed for secure repair and joint reinforcement. Manufactured from zinc plated steel, it provides dependable strength and precision in structural repair scenarios. Its accurate dimensions and robust construction support efficient assembly and maintenance tasks, offering practical benefits to trade professionals who seek reliable performance and technically sound solutions in their repair and refurbishment projects.

Features

- Precision engineered zinc plated steel construction for durability
- Zinc plating ensures superior corrosion resistance for extended use
- Robust design for secure and reliable structural connections
- Precise dimensions support various practical application scenarios
- Engineered for optimal load distribution across fastenings
- Simplified installation reduces labour and fitting time
- Corrosion resistant finish maintains functional aesthetics longer
- Carinya quality backed by years of engineering expertise

Product Code: B11482

Dimensions

Product Length (mm)	340
Product Width (mm)	40
Product Height (mm)	3.5
Product Thickness (mm)	3.5
Diameter of Fixing Holes (mm)	6

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Zinc Plated Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
