

SIT Steel Crimped Wire Wheel 150mm x M16

Description

SIT Steel Crimped Wire Wheel 150mm x M16 is a crimped wheel brush constructed from steel with a brass/red finish. It is designed for efficient cleaning and surface preparation applications, providing precise performance when used with speeds of up to 6000 RPM. Suitable for both indoor and outdoor environments, it serves the practical needs of industrial and trade professionals with its robust construction and effective design for maintaining operational efficiency.

Features

- Durable steel bristles for robust cleaning performance
- Crimped wire design delivers consistent brush structure
- Classic brass and red finish offers visible contrast
- Operates reliably at speeds up to 6000 rpm
- Suitable for both indoor and outdoor cleaning tasks
- Engineered with a sturdy crimped wheel for even wear
- M16 threading ensures secure mounting with straightforward installation
- 150mm diameter brush wheel enlarges surface contact area

Product Code: B150
