Carinya 60 x 60 x 40 x 2mm Galvanised Reinforcing Angle Bracket - 8 Pack

Description

Carinya 60 x 60 x 40 x 2mm Galvanised Reinforcing Angle Bracket - 8 Pack is a galvanised steel bracket designed for securing reinforcements in construction and trade projects. The brackets provide robust support for structural components in various applications. Their galvanised finish enhances resistance to corrosion while ensuring reliable performance. The product offers straightforward installation and effective load distribution, delivering practical technical advantages for professionals.

Features

- Galvanised steel provides strong corrosion resistance
- Precision engineered for reliable reinforcement support
- Dimensions 60 x 60 x 40 mm for versatile applications
- 2mm thick structure ensures robust load performance
- Pack of eight brackets for efficient project planning
- Galvanised finish maintains appearance in harsh conditions
- Uniform design supports precise assembly and construction
- Simple yet strong design for reliable structural support

Product Code: B21612

Dimensions

Product Length (mm)	60
Product Width (mm)	60
Product Height (mm)	40
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	4.9/7.9

Appearance

Product Colour	Galvanised

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
