Carinya 50 x 50 x 390 x 1.8mm Galvanised Reinforcing Angle Bracket

Description

Carinya 50 x 50 x 390 x 1.8mm Galvanised Reinforcing Angle Bracket is constructed from galvanised steel ensuring reliable performance for precise reinforcement tasks in construction and fabrication projects. Its consistent dimensions and galvanised finish provide strength and corrosion resistance, supporting stringent technical requirements for industrial and trade professionals. The product combines robust design with ease of installation, enabling durability in applications that demand structural reinforcement and dependable load-bearing support.

Features

- Fabricated from robust galvanised steel for durability
- 50 x 50 x 390 x 1.8mm design installs securely
- Reinforcing bracket design enhances structural rigidity
- Galvanised finish improves corrosion resistance in challenging conditions
- Engineered for secure mounting and accurate alignment
- Robust construction supports heavy load-bearing applications
- Quality finishing ensures extended performance over time
- Precision manufacturing yields consistent product quality and reliability

Product Code: B21620

Dimensions

Product Length (mm)	390
Product Width (mm)	50
Product Height (mm)	50
Product Thickness (mm)	1.8
Diameter of Fixing Holes (mm)	10.8

Appearance

Product Colour	Galvanised

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
