

SIT Steel Boiler Tube Brush 127mm x 1/2"

Description

SIT Steel Boiler Tube Brush 127mm x 1/2" is a purpose-built tool engineered for precise maintenance tasks on boiler tubes and similar systems. Its steel bristles and solid construction work to remove deposits and debris, ensuring clear tube passages and consistent performance. Suitable for both indoor and outdoor use, it delivers reliable cleaning efficiency that supports trade professionals in maintaining equipment with technical precision and straightforward functionality.

Features

- Durable steel bristles built for intensive tube cleaning
- Precision design targets cleaning on narrow surfaces
- Robust steel bristles resist wear during intensive cleaning
- Compact dimensions of 127mm x 1/2 inch ensure manoeuvrability
- Silver finish provides high contrast for easy inspection
- Built suitable for both indoor and outdoor cleaning applications
- Engineered for reliable performance in demanding cleaning situations
- Simple construction eases cleaning tool maintenance tasks

Product Code: BTB127
