

Description

SIT Steel Boiler Tube Brush 22mm x 1/2 is engineered for cleaning and maintenance of boiler tubes using a durable steel brush and wire design. Its silver finish and robust build support reliable performance in both indoor and outdoor settings. Developed for trade professionals, the brush ensures efficient cleaning of tube surfaces, optimising maintenance tasks and enhancing operational reliability. Its simple yet effective design provides consistent surface contact in various system configurations.

Features

- Fabricated from steel ensuring durable cleaning performance
- Suitable for indoor and outdoor boiler maintenance tasks
- Designed for precision cleaning of boiler tubes
- Robust steel wire style improves contact with tube surfaces
- Standard 22mm brush fits diverse boiler tube sizes
- Silver finish offers clear visual inspection of wear
- SIT brand ensures reliable design and robust build
- Engineered to maintain cleaning performance under heavy use

Product Code: BTB22
