

Description

SIT Steel Boiler Tube Brush 32mm x 1/2" is designed for effective cleaning of boiler tubes and similar cylindrical surfaces. Constructed from robust steel wire and finished in silver, it offers reliable removal of deposits with a consistent performance that meets the practical demands of maintenance tasks. Suitable for both indoor and outdoor use, the brush provides technical advantages that enhance cleaning efficiency and support routine maintenance operations for trade professionals.

Features

- Durable steel bristles for reliable cleaning of boiler tubes
- Compact 32mm x 1/2-inch design for accuracy in tube cleaning
- Silver finish provides visual contrast and easy identification
- Designed for both indoor and outdoor cleaning applications
- Constructed entirely from high-quality steel for lasting service
- Engineered wire layout promotes improved tube surface coverage
- SIT brand delivers precision engineering and durable brush performance
- Simple design minimises maintenance and facilitates routine cleaning

Product Code: BTB32
