

Description

SIT Steel Boiler Tube Brush 70mm x 1/2" is a precision cleaning tool designed specifically for use in maintenance applications. Constructed with robust steel and engineered with steel wire, this silver boiler tube brush is ideal for routine cleaning and inspection of heat exchanger tubes. Its design supports both indoor and outdoor applications, delivering consistent performance to optimise operational efficiency for industrial and trade professionals.

Features

- Durable steel bristles for reliable boiler tube cleaning
- Versatile performance indoors and outdoors
- Precision engineered for consistent surface cleaning
- Constructed with premium steel for lasting durability
- Effortless cleaning of narrow boiler tubes
- Minimal wear ensures long term tool efficiency
- Lightweight design for ease of manoeuvring in confined spaces
- Proven SIT quality with trusted mechanical performance

Product Code: BTB70
