

# SIT Steel Twist Knot Cup Brush 70mm x M10

## Description

SIT Steel Twist Knot Cup Brush 70mm x M10 is designed for precision cleaning tasks on machinery and equipment. It features a robust steel twist knot wire that maintains performance at speeds up to 14000 RPM, ensuring effective impurity removal. The reliable twist knot design facilitates smooth operation in both outdoor and indoor settings for industrial and trade professionals, delivering a consistent and technically sound cleaning solution in various practical applications.

## Features

- Durable steel construction for demanding cleaning tasks
- Twist knot wire provides steady agitation over surfaces
- Silver and red finish for clear visual identification
- Engineered for both indoor and outdoor use
- Operates at speeds up to 14000 RPM
- Precision design for versatile cleaning performance
- Engineered for cup brush applications in varied settings
- Compact 70mm design combining functionality and performance

Product Code: BTU71.02

## Specifications

|                   |                 |
|-------------------|-----------------|
| Outdoor Use       | Yes             |
| Indoor Use        | Yes             |
| Hardware Included | No              |
| Max RPM           | 14000           |
| Wire Style        | Twist Knot Wire |

## Appearance

|                |            |
|----------------|------------|
| Product Colour | Silver/Red |
|----------------|------------|

## Construction

|                |       |
|----------------|-------|
| Brush Material | Steel |
|----------------|-------|

## Dimensions

|                    |    |
|--------------------|----|
| Mounting Size (mm) | 10 |
|--------------------|----|

## Weights

|                        |         |
|------------------------|---------|
| Product Weight (kg)    | 0.00032 |
| Product Weight (grams) | 0.32    |
