

Description

Cesco Tin Billy 2L is a tin billy made from tinplate with a silver finish. It offers a practical design suited to a range of applications for industrial and trade professionals. Its robust construction provides efficient storage, transport and dispensing of liquids or materials. With both outdoor and indoor usability, the product delivers reliable performance under everyday work conditions while maintaining a straightforward and effective approach to handling essential tasks.

Features

- Made from resilient tinplate for enduring use outdoors and indoors
- Silver finish resists weather for consistent performance
- Suitable for both outdoor and indoor applications
- 2L capacity ensures precise volume control for dispensing
- Efficient construction minimises corrosion and maintenance requirements
- Engineered components provide operational durability in various settings
- Designed with practical dimensions for ease of installation
- CESCO quality workmanship supports reliable performance under use

Product Code: CB3
