

Description

Rocket 355mm Cutting Discs Steel - 10 Piece are developed for precise cutting in metal fabrication and repair. Manufactured from aluminium oxide, these discs perform reliably at speeds up to 4,400 RPM when used with an angle grinder. They offer consistent cutting performance and durability for trade professionals working on various tasks in indoor and outdoor settings, ensuring efficiency and predictable results in every application.

Features

- Constructed from high-quality aluminium oxide for lasting performance
- Engineered for precise steel cutting tasks
- Supports speeds up to 4,400 rpm for precise cutting
- Compatible with standard angle grinder applications
- Designed for reliable outdoor and indoor cutting tasks
- Utilises black and silver finish for clear identification
- Offers stable cutting performance through precision design
- Pack includes ten discs for enhanced job continuity

Product Code: CDM355325

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	4,400
Suits Tool Type	Angle Grinder

Appearance

Product Colour	Black/Silver
