

# Rocket 115mm Cutting Discs Stainless Steel - 10 Piece

## Description

Rocket 115mm Cutting Discs Stainless Steel - 10 Piece is a professional-grade cutting disc designed for effective use with an angle grinder. Made from aluminium oxide, it operates at speeds up to 13,300 RPM, facilitating precise and consistent cutting performance on stainless steel and other metals. Engineered for both indoor and outdoor tasks, its black and silver finish adds a professional aesthetic. The product provides trade professionals with reliable, high-performance cutting capability for a range of practical metalwork applications.

## Features

- Constructed from aluminium oxide abrasive material
- Colour design features black and silver finish
- Compatible with angle grinders for precise cutting
- Operates up to 13,300 revolutions per minute
- Suitable for both indoor and outdoor applications
- Engineered for efficient stainless steel cutting performance
- Trusted ROCKET brand ensures reliable cutting quality
- Designed for accuracy and smooth material removal

Product Code: CDSS115122CAN

## Specifications

|                   |               |
|-------------------|---------------|
| Outdoor Use       | Yes           |
| Indoor Use        | Yes           |
| Hardware Included | No            |
| Max RPM           | 13,300        |
| Suits Tool Type   | Angle Grinder |

## Appearance

|                |              |
|----------------|--------------|
| Product Colour | Black/Silver |
|----------------|--------------|

## Weights

|                        |       |
|------------------------|-------|
| Product Weight (grams) | 27    |
| Product Weight (kg)    | 0.027 |

## Construction

|                    |                 |
|--------------------|-----------------|
| Product Material 1 | Aluminium Oxide |
