

Rocket 125mm Cutting Discs Stainless Steel - 10 Piece

Description

Rocket 125mm Cutting Discs Stainless Steel - 10 Piece is designed for efficient cutting of stainless steel and other metals. Made with aluminium oxide and featuring a Black/Silver finish, these discs deliver reliable cutting performance at speeds up to 12,200 RPM. Suitable for angle grinders, they enable precise cuts with minimal friction, ensuring controlled performance for trade professionals. Their durable construction supports a range of applications, enhancing productivity and operational accuracy in various professional settings.

Features

- High-quality cutting discs designed for stainless steel tasks
- Abrasive material aluminium oxide for sharp, durable edges
- Operates up to 12,200 RPM for rapid cutting
- Designed for use with 125mm angle grinders
- Robust build with practical black and silver finish
- Suitable for indoor and outdoor cutting operations
- Delivers precise cuts and controlled performance
- Reliable rotation and abrasive longevity for extended use

Product Code: CDSS125122

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12,200
Suits Tool Type	Angle Grinder

Appearance

Product Colour	Black/Silver
