

Easyroll 460mm x 3.8m Steel Roller Expandable Conveyor

Description

Easyroll 460mm x 3.8m Steel Roller Expandable Conveyor is a robust roller system constructed from zinc with rubber wheels in a grey finish. Designed for precise material handling and efficient distribution, its expandable design allows trade professionals to adjust the roller configuration to accommodate varying load sizes. The system ensures consistent performance and controlled movement in indoor applications, delivering practical and reliable operational benefits.

Features

- Built with durable zinc for reliable performance
- Smooth rubber wheels for quiet, traction-driven operation
- Expandable design supports versatile conveyor applications
- Grey finish adds modern aesthetics and practical functionality
- Engineered for efficient load management over consistent surfaces
- Precision fabrication yields smooth and consistent movement
- Designed to partner scale-up production processes
- Engineered for long-lasting performance in conveyor systems

Product Code: CE460RS

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	Yes

Appearance

Product Colour	Grey
----------------	------

Construction

Product Material 1	Zinc
--------------------	------

Weights

Product Weight (grams)	85,000
Product Weight (kg)	85
Load Capacity (kg) sqm	200

Dimensions

Product Height (mm)	620
Product Width (mm)	460
Product Length (mm)	3800
