

Cesco 127mm Straight Spout Funnels

Description

Cesco 127mm Straight Spout Funnels are precision-engineered from tinplate in a silver finish, designed for efficient liquid transfer in various settings. They offer a straight spout configuration that promotes accurate, uninterrupted flow and include the necessary hardware along with a robust filter for enhanced performance. Intended for both outdoor and indoor use, these funnels allow industrial and trade professionals to achieve practical handling efficiencies and maintain consistent, reliable operation throughout their tasks.

Features

- Constructed from sturdy tinplate material for extended durability
- Silver finish adds modern style and clear visual identification
- Suitable for both outdoor and indoor usage
- Integrated filter provides refined flow control during operations
- Hardware included simplifies set up and assembly tasks
- Straight spout design ensures accurate pouring and transfer precision
- Robust construction supports long-term usage in various applications
- Engineered for efficiency with user friendly assembly and maintenance

Product Code: CFS127

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes
Pump Mechanism	No
Demountable Sprout	No
Filter	Yes
Sprout Type	Straight

Appearance

Product Colour	Silver
