

Description

Easyroll 450mm Steel Conveyor Roller 110kg is designed for precise material handling in operational settings. Fabricated from zinc plated steel with a silver finish, it offers sturdy and reliable performance for controlled indoor processes. Compatible with specific stand models and frame types, it supports efficient and consistent movement along a straight frame. Its robust construction provides practical benefits for facilitating smooth, dependable conveyance in trade and industrial applications.

Features

- Durable zinc plated steel construction
- Precisely engineered for reliable conveyor performance
- Integrates with designated stand and frame models
- Silver finish offers neat professional appearance
- Designed exclusively for indoor use
- Compatible with straight frame designs
- Resilient build supports heavy load applications
- Engineered to meet high technical demands

Product Code: CRA2S450X050

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	No
Suitable Stand	CSH0800X450A, CSH1050X450A
Suitable Frame	CFA1500X450A, CFA3000X450A
Suits Frame Type	Straight

Appearance

Product Colour	Silver
----------------	--------

Construction

Product Material 1	Zinc Plated Steel
