

Description

Easyroll 600mm Polly Conveyor Roller 50kg is designed for efficient material movement within production facilities. Its blue polypropylene construction provides a durable and smooth operational surface for indoor use. The product is engineered to fit with straight frame types and is compatible with stands such as CSH0800X600A and CSH1050X600A, as well as frames like CFA1500X600A and CFA3000X600A. It offers industrial and trade professionals reliable performance and practical conveyance efficiency.

Features

- Made from blue polypropylene for robust and reliable use
- Designed exclusively for indoor applications and controlled environments
- Compatible with CSH0800X600A and CSH1050X600A stands
- Compatible with CFA1500X600A and CFA3000X600A conveyor frames
- Fitted with a straight frame design for optimal roller alignment
- Engineered for precision handling up to 50kg load capacity
- Measures 600mm in diameter for consistent conveyor performance
- Durable design provides long-lasting operational stability under load

Product Code: CRA3P600X050

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	No
Suitable Stand	CSH0800X600A, CSH1050X600A
Suitable Frame	CFA1500X600A, CFA3000X600A
Suits Frame Type	Straight

Appearance

Product Colour	Blue
----------------	------

Construction

Product Material 1	Polypropylene
