

Product Code: CSHK1050S

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	Yes

Appearance

Product Colour	Grey
----------------	------

Construction

Product Material 1	Powder Coated Steel
--------------------	---------------------

Description

Easyroll Conveyor 1050mm Left Right Side LE is a conveyor H-stand manufactured by Easyroll, constructed from carbon steel with a grey finish and optimised for indoor use. It is engineered to support efficient load transfer and movement, delivering robust physical performance along with practical benefits for trade professionals. The design offers precise integration into existing systems and reliable operation, ensuring smooth conveyance and effective handling in controlled environments.

Features

- Sturdy carbon steel construction offers reliable support
- Lightweight design facilitates quick repositioning in confined spaces
- Engineered for precision alignment of conveyor assemblies
- Stable H-stand structure enhances operational safety
- Polished grey finish adds professional appearance and clarity
- Robust build ensures longevity for continuous usage
- Simple installation saves time and simplifies set-up
- Engineered for smooth conveyor operation and material transfer
