

Description

Proval Blue Crimped Berets 21" are designed for hair containment in settings such as food manufacturing, medical, hospital and laboratory environments. Manufactured from non woven polypropylene, these 21-inch hair covers offer a breathable fabric with an elastic perimeter for a secure, comfortable fit. Their consistent build and blue colour support hygienic practices, making them a reliable choice for professionals who require dependable hair control solutions in their daily work.

Features

- 21-inch hair cover made from non woven polypropylene
- Breathable fabric provides excellent airflow
- Disposable design suited for hygienic use
- Elastic perimeter ensures a secure, comfortable fit
- Food safe material upholds strict sanitary standards
- Light blue colour aids quick product identification
- Latex free composition minimises allergy concerns
- Resistant to dust and dirt accumulation
