

Description

Easyroll 22mm Square M10 Expanding Adaptors are engineered using robust polypropylene and feature a grey finish. They incorporate an expanding pintle fitting designed for secure adaptation to square tube shapes for castor applications. Suitable for both indoor and outdoor use, these adaptors offer consistent performance and precise adjustability, assisting industrial and trade professionals in achieving reliable operational outcomes with practical functionality and ease of installation.

Features

- Durable polypropylene construction designed for long-lasting square adaptability
- Grey finish for low-contrast appearance in versatile settings
- Expanding pintle fitting ensures secure attachment on caster tubes
- Ideal for square tube compatibility across indoor and outdoor settings
- Precision-moulded design maximises reliability during heavy usage
- Compatible with castor systems for enhanced transport flexibility
- Engineered for technical performance in demanding operational contexts
- Innovative adaptor design facilitates efficient load transfer between components

Product Code: E10S22

Specifications

Fitting Type	Expanding Pintle
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Suitable For	Castor
Tube Shape	Square

Appearance

Product Colour Grey

Construction

Product Material 1 Polypropylene

Dimensions

Product Length (mm)	75
Mounting Size (G) mm	M10
Suits Tube ID (mm)	19
Suits Tube OD (mm)	22

Weights

Product Weight (grams)	13
