

Description

Easyroll 27mm Round M12 Expanding Adaptors are built with precision engineering utilising durable polypropylene for a reliable grey finish. They incorporate an expanding pintle fitting and a robust round tube shape, designed to integrate easily with castor systems. Suitable for both indoor and outdoor use, these adaptors offer practical applications by ensuring secure connections and consistent performance, providing trade professionals with a dependable and straightforward solution.

Features

- Grey polypropylene construction designed for robust expanding pintle fittings
- Versatile for indoor and outdoor castor installations
- Engineered for precision alignment and adaptation
- Round design supports efficient load distribution
- Expanding mechanism ensures secure fit and stability
- Simplistic design supports straightforward replacement and maintenance
- High quality polypropylene guarantees durability in variable conditions
- Adaptable design supports installation on standard castor systems

Product Code: E12R27

Specifications

Fitting Type	Expanding Pintle
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Suitable For	Castor
Tube Shape	Round

Appearance

Product Colour Grey

Construction

Product Material 1 Polypropylene

Dimensions

Product Length (mm)	75
Mounting Size (G) mm	M12
Suits Tube ID (mm)	24
Suits Tube OD (mm)	27

Weights

Product Weight (grams)	22
